DEERING SCHOOL REPORT

The School Board of Deering make the following report for the school year ending June 30, 1927, and make recommendations concerning the amounts needed for the coming year.

In the three following parallel columns are given first the school district receipts for the year ending June 30, 1927, second the receipts for the present year ending next June 30th, and in the third column our estimates for next year's needs.

Balance on hand	\$ 213 55	\$ 268 30	\$ 23 22*
State Aid	2433 80	1843 85	1871 42
Dog tax	186 04	161 00	150 00*
Trust Funds	1121 67	206 67	121 67*
Tuitions	36 00		
Taxation	2249 78	3683 23	4618 69
	<hr/>	<hr/>	<hr/>
Total	\$6240 84	\$6163 05	\$6785 00

The amounts in the last column marked * are estimates, with amounts which seem to be what will be correct at the close of the present year. If there should be more trust fund money available than is stated the amount to be raised by taxation may be reduced by that amount, providing that, at least \$2348.55, which is the amount required for state aid, is raised.

Our receipts were given above, next we will give in the same manner our expenses for the year closing June 30, 1927, and an estimate of what we will spend by the close of the present year.

Administration	\$ 458 70	\$ 472 70
Teachers' salaries	3180 00	3162 00
Books, supplies, etc.	218 52	228 00
Janitors, fuel, etc.	370 85	352 50
Repairs, alterations	408 53	160 00
Medical inspection	45 00	50 00
Transportation	219 00	550 00

H. S. tuition	875 94	990 63
Grade tuition	48 00	36 00
Per Capita Tax	148 00	138 00
Balance, close of year	268 30	23 22
Total	<u>\$6240 84</u>	<u>\$6163 05</u>

In the third column of the first table of figures, is given our estimate of the amount of money needed for the coming year, namely \$6785.00. Of this amount a portion comes from other sources than taxation, namely the first three amounts mentioned, leaving \$4000 which should be raised by taxation, divided as follows:

\$5.00 tax	\$2348 55
Administration	500 00
H. S. Tuitions	1000 00
Other expenses	151 45
Total	<u>\$4000 00</u>

We therefore recommend that the above amounts be appropriated.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of the Town of Deering, N. H.:

The report of the Superintendent of Schools for the year 1926-1927 is hereby respectfully submitted.

For a time previous to this year we have had five schools in session. This seemed an expensive procedure for so few children, and a representative from the State Board of Education was invited to meet with the Board and interested parents to discuss the situation. As a result of this conference, the school board understood that it was agreeable as well as desirable to close the East Deering School for a time, but when the schools opened in the Fall a strong opposition to this developed and the Board decided to open the school, at least for the winter term. When that time arrived they decided to continue it for the remainder of the year. This represents a condition existing not alone in Deering, but in all rural communities. If all rural schools are kept open, the small enrollment deadens enthusiasm and competition, and the quality of work suffers. On the other hand there is a strong feeling that closing rural schools causes a depreciation in the value of the nearby farms, and works a hardship on children who are required to go a long distance over what were bad roads, to another school. We hope this question may be thoughtfully considered and a community sentiment arrived at which may have a degree of stability. It is easily seen that there is no really settled opinion in the community, because the Board was urgently requested to open one rural school, and within a short time, as urgently requested to close it again, under the same conditions. The Board approaches this question with an open mind, and we hope that soon we may arrive at a satisfactory settled policy.

Mrs. Ida Hart returned to the Pond School, and Miss Ruth Brown returned to the Manselville School. Miss Gladys Gould, a Keene Normal graduate, went to the West Deering School and we had cadet teachers in the North and East Deering Schools.

The three regular teachers received \$720 per year each, and the cadets were recompensed by district sending to the Normal School the sum of \$612 per year. The average salary paid was \$676.80, compared with \$1006.65, which was the average salary paid the elementary women teachers throughout the State, indicates that we are paying a low salary. Would it not pay to increase salaries and cut down to a certain extent the number of schools?

Not one of our teachers, this year, had the highest form of State Certificate. Teachers are expected to prepare themselves for this certificate, and the best way to do this is by attendance at summer school. Such attendance is somewhat expensive and I recommend that a small salary bonus be paid each teacher who attends summer school, such bonus to be paid only for the year following such attendance. This would encourage the teachers, and help toward repaying them for the expense incurred.

Our total enrollment was:—

School	Boys	Girls	Total
Pond	5	3	8
East	5	2	7
North	4	6	10
West	4	6	10
Manselville	7	12	19
Totals	25	29	54

Grades	Pupils	Grades	Pupls
1	8	5	14
2	5	6	4
3	5	7	7
4	7	8	4

The percent of attendance was:—Manselville 97 percent, North 94.8 percent, West 93.1 per cent, East 93 percent, and Pond 90.4 percent.

The Roll of Honor for perfect attendance is much smaller than it should be, and all were from the Manselville School. The pupils on the Roll of Honor were, Bibian Cote, Alfred Trottier, and Raymond Mann.

The records show 35 visits by the members of the School Board, 258 by parents and others, and 90 visits by the Supt.

The Community Club gave a beautiful picture of Sir Galahad, which was presented as a prize to the school standing highest in work, deportment and attendance. It was won by the Manselville School and presented to them during the graduation exercises which were held in the Town Hall at the close of the year. There were so many at these exercises that many were obliged to stand, and some could not get inside the Hall. This must not discourage attendance, as we hope they may be held in the Church this year. The graduates were Hazel Wood and Frederick Greene. They both continued their education, by entering High School in the Fall; Hazel went to North Weare, and Frederick to Hillsboro. Albert Evans, who had been in the eighth grade for a part of the year, went abroad with his family during the school year, and so attended school only 45 days and was not graduated, but he studied during the summer and passed the examination for entrance to the Hillsboro High School and entered that school in the Fall. Although we had but two eighth grade graduates, we had six enter high school in the Fall. Marie Wells and John Holden were graduates of the Hillsboro Grammar School. Leah Bassett was an eighth grade graduate when the family moved here, but they thought best for her to attend our eighth grade as they came here some time after the opening of school, and she also entered Hillsboro High in the Fall. The other three have been accounted for.

We thank the teachers for their faithful work, and the parents for their interest as shown by visits to the schools, attendance at special exercises and graduation, the prize given by the Community Club, and in many other ways.

Respectfully submitted,

A. A. HOLDEN
